

**PUBLICATIONS, ABSTRACTS
AND PRESENTATIONS :**

1. *Utility of transradial approach in endovascular management of chronic mesenteric ischemia*
2. *Endovascular management of the suprarenal IVC agenesis*
3. *The PEARL (Peripheral use of Angiojet Rheolytic thrombectomy with mid-Length catheters) Registry for Deep Vein Thrombosis*
4. *Subintimal recanalization of difficult iliac and femoral artery chronic total occlusions using an Outback LI reentry device: a single-center experience*
5. *Intra-arterial radioembolization treatment with Yttrium-90 (Y-90) resin-based microspheres for unresectable hepatocellular carcinoma and portal vein thrombosis in Child-Pugh class A patients: single center long-term survival study*
6. *Novel endovascular treatment of a Renal Arteriovenous Fistula*
7. *Carcinoid syndrome and intraarterial Yttrium-90 (Y-90) radioembolization periprocedural considerations*
8. *Efficacy and Safety of the Mynx Closure Device In High Risk Chemoembolization Patients*
9. *Endovascular Management of a Complex Forearm Arteriovenous Malformation*
10. *Comparison of screening modalities for hepatocellular carcinoma in a high risk population.*
11. *Creation of a reverse direct intrahepatic portacaval shunt (DIPS): an alternative to transjugular intrahepatic shunt (TIPS) creation in a patient with Budd-Chiari syndrome*
12. *Endovascular treatment of a malperfusion syndrome secondary to an acute complicated Type B aortic dissection*
13. *Midaortic syndrome: imaging characteristics and treatment options*
14. *Bronchopulmonary malformations: a pictorial essay*

RESEARCH AND CLINICAL TRIALS:

1. *Single Center Experience with BRTO (Balloon Occlusion Retrograde Transvenous Obliteration of Gastric Varices): Retrospective Review of Outcomes and Indications.*
2. *PEARL II Registry: Peripheral use of AngioJet Rheolytic Thrombectomy with a Variety of Catheter Lengths*
3. *Subintimal Revascularization of Chronic Iliac and Femoral Artery Occlusion Using the True Lumen Re-entry Device: A Single Center Experience*
4. *Yttrium-90 Radioembolization for the Treatment of Hepatocellular Carcinoma with Portal Vein Tumor Thrombus using TheraSpheres and SIR-Spheres: A Single-Center Review of Clinical Outcomes*

5. *Peripheral Use of AngioJet Rheolytic Thrombectomy With a Variety of Catheter Lengths II*
6. *Cell Membrane Fluidity of Human Red Blood Cells Measured by Nuclear Magnetic Resonance*

Subintimal recanalization of difficult iliac and femoral artery chronic total occlusions using a reentry device: a single-center experience

Society of Interventional Radiology (SIR)
New Orleans, LA, April 2013.

5. **F. Berlin**, R. Lookstein, A. Fischman, E. Kim, S.F Nowakowski, R. Patel. *Intra-arterial radio-embolization treatment with Yttrium (90) resin-based microspheres for unresectable hepatocellular carcinoma and portal vein thrombosis in Child-Pugh class A patients: single center long-term survival study*

Society of Interventional Radiology (SIR), submitted for publication
New Orleans, LA, April 2013

6. **F. Berlin**, D. Mobley, R. Lookstein, R. Patel, A. Fischman, E. Kim, S. Nowakowski, *Revascularization of chronic iliac artery occlusions using the Outback LTD re-entry device: a single center experience*

International Symposium on Endovascular Therapy (ISET)
Miami, FL, January 2013

7. **F. Berlin**, *Endovascular treatment of a Renal Arteriovenous Fistula*

Vascular Interventional Advances (VIVA) National Education Course for Vascular Intervention and Medicine
Las Vegas, NV, October 2012

8. **F. Berlin**, R. Lookstein, A. Fischman, E. Kim, S.F Nowakowski, R. Patel, S. Ellozy. *The use of a true lumen reentry catheter for recanalization of iliac and femoral artery occlusions,*

Lower Extremity Arterial Revascularization meeting (LEARN)
Chicago, IL, September 2012

9. C.F Giordano, R.A. Lookstein, S.S Shah, **F. Berlin**, S. Sicular, J.L. Weintraub, F. Nowakowski, E. Kim, A. Fischman. *Efficacy and Safety of the Mynx Closure Device In High Risk Chemoembolization Patients*

Society of Interventional Radiology (SIR)
Chicago, IL, March 2011

10. B. Hwang, S. Gupta, I. Youssef, **F. Berlin**, R. Perone, *Bronchopulmonary malformations: a pictorial essay*

Radiological Society of North America (RSNA) annual meeting
Chicago, IL, December 2009

11. IM Youssef, **F Berlin**, M Awobuluyi, MA Sadler, V McLaughlin, RW Perone: *Triple phase CT and MRI are better screening modalities than Ultrasound for hepatocellular carcinoma in a high risk population*

Radiological Society of North America (RSNA) annual meeting
Chicago, IL, December 2006

1. *Endovascular and nonvascular VIR image guided therapy with case presentations*

Department of Surgery

St. Joseph's Regional Medical Center, Paterson, NJ, January, 2014

2. *Interventional Radiology Update: Overview Of The Available Minimally Invasive Treatments With A Focus On TIPS And BRTO*

Medical Grand Rounds

St. Joseph's Regional Medical Center, Paterson, NJ, January, 2014

3. *Interventional Radiology: a Partner in Management of Portal Hypertension*
Medical Grand Rounds
Hackensack UMC Mountainside, Montclair, NJ, January, 2014
4. *Minimally Invasive Treatment Options For The Pediatric Population*
Department of Pediatrics
St. Joseph's Regional Medical Center, Paterson, NJ, October, 2013
5. *Interventional Radiology for the Internist*
Department of Medicine
St. Joseph's Regional Medical Center, Paterson, NJ, September, 2013
6. *Endovascular Management of a Complex Forearm/Hand Arteriovenous Malformation: Live Case presentation*
Symposium on Peripheral Vascular Embolization (SPACE)
Mount Sinai Medical Center, New York, NY, May, 2013
7. *Principles of Image Guided Venous Access*
Diagnostic Radiology resident conference
Mount Sinai Medical Center, New York, NY, March, 2013
8. *Endovascular Recanalization of Congenital Inferior Vena Cava Atresia*
New York Angioclub
Mount Sinai Medical Center, New York, NY, January 2013
9. *Chronic Mesenteric Ischemia: Endovascular Management*
Vascular Surgery conference
Mount Sinai Medical Center, New York, NY, April, 2013
10. *Diagnosis and Treatment of Hemangiomas, Arteriovenous fistulas, and Vascular Malformations*
Diagnostic Radiology resident conference
Mount Sinai Medical Center, New York, NY, April 2012
11. *Bleeding gastric varices obliteration with balloon-occluded retrograde transvenous obliteration (BRTO) using sodium tetradecyl sulfate foam.*
New York Angioclub
Mount Sinai Medical Center, New York, NY, January 2013
12. *Musculoskeletal Intervention: Biopsy and Ablation*
Diagnostic Radiology resident conference
Mount Sinai Medical Center, New York, NY, January 2013
13. *Carcinoid syndrome and periprocedural considerations*
Diagnostic Radiology resident conference
Mount Sinai Medical Center, New York, NY, January 2013
14. *Acute limb ischemia: role of endovascular revascularization*
Vascular Surgery conference
Mount Sinai Medical Center, New York, NY, January 2013
15. *Percutaneous mechanical thrombectomy for acute limb ischemia with the AngioJet rheolytic thrombectomy*

system

New York Angioclub

Mount Sinai Medical Center, New York, NY, January 2013

16. *Image-guided chemical and thermal ablative therapies*

Diagnostic Radiology resident conference

Mount Sinai Medical Center, New York, NY, November 2012

17. *Percutaneous transhepatic portacaval shunt creation: alternative method for TIPS creation in a patient with Budd-Chiari syndrome*

Diagnostic Radiology resident conference

Mount Sinai Medical Center, New York, NY, November 2012

18. *Midaortic syndrome: imaging characteristics and treatment options*

Mt. Sinai Update 2012: Body & Cardiovascular Imaging Conference (CME)

New York Academy of Medicine, New York, NY, October 2012

19. *Imaging characteristics and endovascular treatment options for a renal arteriovenous malformation*

Mt. Sinai Update 2012: Body & Cardiovascular Imaging (CME)

New York Academy of Medicine, New York, NY, October 2012

20. *Endovascular treatment of renal artery stenosis*

Vascular Surgery conference

Mount Sinai Medical Center, New York, NY, October 2012

21. *Interventional management of upper and lower gastrointestinal bleeding*

Diagnostic Radiology resident conference

Mount Sinai Medical Center, New York, NY, October 2012

22. *Aortic Dissection: Diagnosis and Percutaneous Management*

NYC Angioclub

Mount Sinai Medical Center, New York, NY, September 2012

23. *Endovascular treatment of a malperfusion syndrome secondary to an acute complicated Type B aortic dissection*

Vascular Surgery conference

Mount Sinai Medical Center, New York, NY, August 2012

7. *Single Center Experience with BRTO (Balloon Occlusion Retrograde Transvenous Obliteration of Gastric Varices): Retrospective Review of Outcomes and Indications.* Principal Investigator: Dr. Aaron M. Fischman.
Mount Sinai Medical Center, New York, NY, 2012-2013

8. *PEARL II Registry: Peripheral use of AngioJet Rheolytic Thrombectomy with a Variety of Catheter Lengths*
Principal Investigator: Dr. Aaron M. Fischman.

Mount Sinai Medical Center, New York, NY, 2012-2013

9. *Subintimal Revascularization of Chronic Iliac and Femoral Artery Occlusion Using the True Lumen Re-entry Device: A Single Center Experience*

Principal Investigator: **Dr. Fred Berlin**

Mount Sinai Medical Center, New York, NY, 2012-2013

10. *Yttrium-90 Radioembolization for the Treatment of Hepatocellular Carcinoma with Portal Vein Tumor Thrombus using TheraSpheres and SIR-Spheres: A Single-Center Review of Clinical Outcomes*
Principal Investigator: **Dr. Fred Berlin**
Mount Sinai Medical Center, New York, NY, 2012-2013
11. *Peripheral Use of AngioJet Rheolytic Thrombectomy With a Variety of Catheter Lengths II*
Principal Investigator: Dr. Aaron M. Fischman.
Mount Sinai Medical Center, New York, NY, 2012-2013
12. *Cell Membrane Fluidity of Human Red Blood Cells Measured by Nuclear Magnetic Resonance*
Principal Investigator: Dr. James A. Dix, PhD, Department of Physical Chemistry, Binghamton University, Vestal, New York, 2001-2002
